We're not dead, we're not like you said  
We're not dead, we're not where you dread  
We're not dead, we're not like you said  
We're not dead, we're not where you said  
We're not dead, we're not like you said  
We're not dead, we're not like you  
Dead, we're not dead, we're not like you said  
We're not dead, we're not where you said  
We're not dead, we're not like you said  
We're not dead, we're not where you said  
We're not dead, we're not like you said  
We're not dead, we're not where you said  
We're not dead, we're not dead  
We're not like you
