Blessthefall, To Hell And Back

I'm leaving the same way I came in It's looking forward but I can't see straight It's just like I know where I'm going It's just like me to fool myself I'm what happens Buried by the words of a liar I'm what happens But I'm alive and I'm still breathing yeah We're sane because of her taste You didn't say enough but what must I have thought My mind plays it over and over Slow motion But we're moving faster, moving faster So much further Let's not lose control Light a match just to watch it burn Struck Light a match just to watch you burn Where are you going? How far? Where are you going? Let's give them HELL! We're sane because of her taste You didn't say enough but what must I have thought My mind plays it over and over Slow motion But we're moving faster, moving faster So much further Let's not lose control I'll bite the bullet Just to save myself Oh! Oh no, this ship is quickly sinking We gotta take control, gotta take control Oh no, this ship is quickly sinking We gotta take control, gotta take control Slow motion Now we're moving faster, moving faster So much further Now we're moving faster I'll bite the bullet
