

# Blind Guardian, Born In A Mourning Hall

In fact it was close to a real fallout  
Everything's under control  
The speaker said with a serious smile  
Behind his mask  
He knew the truth  
I'll bring a new age of better ways  
The TV preacher said  
Just pay today  
Pay today

World's dressed in black  
On earth's judgement day  
And I?  
I know it can't go on  
Forbidden signs increase  
I'm sitting still at home  
And watching

Ref.:  
Born in a mourning hall  
Pale clouds feared the unborn child  
Then it grew up with growing plans  
Of suicide  
Born in a mourning hall  
Shadows left the fear inside  
That Peter Pan will never reach  
The other side

It's frightening  
Exciting to sit at home  
And watch the burning fields  
Get  
Hypnotized by the TV snake

Obeys and work hard  
And feel no anger  
Just sympathy for the higher class  
There's no chance in changing things  
Cause I am

Ref.:  
Born in a mourning hall  
Silent cries ran out  
When the cradle breaks  
Broken dreams were unheard on  
The other side  
Born in a mourning hall  
Shadows left the fear  
In the new born child  
That Peter Pan will never reach  
The other side

(Solo)

And I'm a part of the machine  
A puppet on the strings  
A rebel, once  
Now I'm an old man

Oh, I know this can't go on  
But the ghost called fear inside  
Lames my tongue, my nerves, my mind  
Eternal fall down  
Someone cut the strings off

I can't move  
To get back courage  
I've to face the truth  
But not today  
Goodbye

Ref.:  
Born in a mourning hall  
Caught inside a web called life  
The only way to get out soon  
Is suicide  
Born in a mourning hall  
Pale souls built a frozen world  
Infected brains  
Will never reach the other side  
The other side
