

# Blind Guardian, Fast To Madness

White hair and red eyes  
he's holding the crown  
the king of the island  
Elric of Melnibon  
he's born for destruction  
he's ruled by the gods  
eternal hero  
the scale of the universe

Blood on his hands  
he's born a thousand times  
why don't we feel the signs  
from the dragon king

Before the end of fire his journey starts  
the eagle's spreading his wings  
following his fate  
he's ruled from anywhere  
leads him to the truth  
it's deep inside

Hail to the king  
they'll bless tonight  
he's the Saviour of our time

In a dark land far behind  
no one knows it's name  
there's a dark sword cold as ice  
a blade created for him

Stormbringer cries  
for the soul of everyone  
Stormbringer cries  
"The ending has begun";

Ref.:  
Run fast to Madness  
Forever I  
Run fast to Madness  
Leave him alone

Ref.: Run...

Destiny's calling him back to the island  
And time? Time is standing still  
time is not real  
time is not real

Armed with weapons awaiting the fight  
he's leading the dragon  
the sun will never rise  
creatures are lurking  
in darkness they hide  
high in the sky the dragon king is flying

Hail to the king of Melnibon  
he's the Saviour of our time

Mourning deserts rottingness  
blade of dark will rise  
gods devine  
are hiding in the dark  
needing Elric's hand

Stormbringer cries:  
&quot;I'm forged in darkest time&quot;;  
Stormbringer cries:  
&quot;The ending has begun&quot;;

Ref.: Run...
