

BLIND, Here I Am

This is my plan, this for his glory
Holding tight to a heavenly calling
To shine like the stars
In the darkness of the midnight
Why cover a lamp
If it's lighting the way?
Here I Am
I'll not sink beneath the waves
I'm walking on water
The pattern I conform to
Is the way of my creator
The blood shed for me
Has given me true life
The pain he bore for me
Has set me free
You've filled all me greatest need
I'm willing to concede
A heart that's touched
By a word called Grace
Is ready to receive
