

BLIND, If You Could See Me Now

If You could see me now
You'd be so proud
Cause I'm tall and strong today
See my crown
It seems I am the better
In this scheme of life
Cause I've won, so I feel
On top of the world right now
When You look down on me
You can be so proud
I've helped my second Grandma
Cross the street
My works are worthy now
Your praise in expectation
Cause I've won and I feel
On top of the world right now
When I fall
You know I forget my place
The awesome wonder is Grace
Because You look down on me
I can be so proud
It's now not me You see
But thee in me
Worthy, cause You saved me
Holy, cause You shade me
And You've won so I feel
On top of the world right now
Cause I feel
And I know I am
And I feel free
Cause I think
And I know I am
Cause I think free
