

Blind Iris, Elevation

I get high on elevation
Laughter and good vibrations
I've got a girl, she's my salvation
My dreams to be heard across the nation
The more I live the more I know
The world needs love so let it show
No matter when or where you go
Take a look out your window
YOU NEVER KNOW JUST WHAT YOU'LL FIND
JUST PUT YOUR HANDS UP AND ENJOY RIDE
GETTING BETTER ALL THE TIME
LIFE IS A TRIP
DON'T STAY INSIDE

Friends are a source of energy
Here's a shout out to my family
In my life it's clear to see
I'm stronger when they stand by me
The more I live the more I find
That it's an art to speak your mind
And have people listen to what you say
If you see their side you may find away

YOU NEVER KNOW JUST WHAT YOU'LL FIND
JUST PUT YOUR HANDS UP AND ENJOY THE RIDE
GETTING BETTER ALL THE TIME
LIFE IS A TRIP
BETTER GET OUTSIDE

AND WHEN YOU HERE SOMEONE SAY
YOU'VE GOTTA TRY THIS
BETTER OPEN UP YOUR HEAD
IT'S BLIND IRIS
GIVE ME A KNOD AND THE ROOM STARTS TO ROCK
GETTING HOT
TAKE IT BACK TO THE TOP

One, Two
Cool like the moon
Here's to the people
In the crowd making moves
Ya, Three, Four
I've been before
Rocking the mic
And you can't ignore
That five, six
The man with the sticks
Got more beats
Ya, the kids got tricks
Seven, Eight
Let the bass dictate
Your body and your mind
Guitar's gyrate

A little leads to more, and more leads to very
Very ain't enough, a little more is necessary
When you're in this deep, you'll find life ordinary
If you keep on going chances are you'll be legendary

The more I live the more I know
The world needs love so let it show
No matter when or where you go

Life's a trip enjoy the show

Sometimes, this place gets so insane
That's when, I know, it's time to maintain

Slide, Hit, Hop, Back Side, Now Vertigo
Stall, half pipe, Head, mine's in stereo
Sound, Tip, Drop, Slip down, Here we go

Life's a trip enjoy the show
