

# Blind Myself, Leo Vs. Taurus

Leo vs. Taurus

I feel the transition  
I feel the eternal  
I feel the grinder on my heart  
Million drawings on the firmament  
I can go ahead  
Until I reach Taurus

LEO against the hole world  
The handstand you're the autonomous  
You can't understand

Leo  
Taurus  
Leo  
Taurus

The circle of blood  
The circle of my blood

Brother  
My brother

My brother in my war  
My brother in my heart  
I help you
