Blink 182, Click Lips

Please, mom You ground me all the time I know that I was right All along

And I'm hoping Remember I'm a kid I know not what I did Just having fun

You couldn't wait for something new And yesterday I thought of you It left me to think as if I couldn't walk away It's too late, I fell through

Nothing to lose A boy who went out when he finished all his chores Nothing to do They can't trust me because I blew it once before

Shit, dad Please don't kick my ass I know I've seen you trashed At least one time

Can I blame it
On one of my dumb friends
It's been awhile
Since I have used that line

You couldn't wait for something new And yesterday I thought of you It left me to think as if I couldn't walk away It's too late, I fell through

Nothing to lose A boy who went out when he finished all his chores Nothing to do They can't trust me because I blew it once before

(Alright)

Nothing to lose A boy who went out when he finished all his chores Nothing to do They can't trust me because I blew it once before
