Blink-182, Degenerate

Crossed the street, naked at night Bent over to show some moonlight Pulled out some beer and gulped it down Nude in a gutter is how I was found

Thrown in the policecar and the door slammed No noise, just silence, as I screamed, my dick was Jammed, now in prison for one month, no one to see All I got is this guy Ben Dover

Don't like hash
Don't like rap
Kicked ol' Sally 'cause she's fat
I'm a jerk, I'm a punk
Took a shower cause I stunk
Smoked a bong, killed a cat
Had my nuts attacked by rats
Dad got nude, wore a thong
For a hobby I make bombs

Went to a farm to tip some cows
Forgot that I left my pants down
Bent over to pick them up
Felt a twelve gauge next to my hum-diddy-dum

The farmer took me to his house Showed me the closet from the inside out The police came and took me away Saw Ben Dover again and he's still gay

Don't like hash

Kicked ol' Sally 'cause she's fat
I'm a jerk, I'm a punk
Took a shower cause I stunk
Smoked a bong, killed a cat
Had my nuts attacked by rats
