

# Blink-182, Mutt

He pauses shaving and he tells himself that he is the bomb  
She has her curlers set, her credit cards are paying the funds  
Hes not that old, Ive been told  
A strong sexual goal

She goes out every day  
She goes every way... oh yeah!  
And they dont even care at all

Shes open waiting for more  
And I know hes only looking to score  
And it is way too unhealthy  
Often theyve typically  
Been starved for attention before

She smokes a dozen and he doesnt seem to notice the smell  
He took the seat off his own bike because the way that it felt  
He wants to bone, this I know  
She is ready to blow

They go out every night  
His pants are super tight... oh yeah!  
They dont even care at all

She's open waiting for more  
And I know he's only looking to score  
And it is way too unhealthy  
Often they've typically  
Been starved for attention before

She's open waiting for more  
And I know he's only looking to score  
And it is way too unhealthy  
Often they've typically  
Been starved for attention before
