

# Blink 182, Mutt

He pauses shaving and he tells himself that he is the bomb  
She has her curlers set, her credit cards are paying the funds  
Hes not that old, Ive been told a strong sexual goal  
He goes out every day, she goes every way, oh yeah  
And they dont even care at all

Shes open waiting for more  
And I know hes only looking to score  
And it is way too unhealthy  
Often they typically  
Been starved for attention before

She smokes a dozen and he doesnt seem to notice the smell  
He took the seat off his own bike because the way that it felt  
He wants to bone, this I know she is ready to blow  
They go out every night, his pants are super tight, oh yeah  
And they dont even care at all

Shes open waiting for more  
And I know hes only looking to score  
And it is way too unhealthy  
Often they typically  
Been starved for attention before
