

# Blink 182, My Pet Sally

I'm gonna wanna see myself with someone too  
Friends I don't pay are friends i never knew  
So I took the chance and got some help from a few  
And got a long and skinny friend to talk to

Cause I have the time and the liberty  
To play with my pet sally  
Please don't go away, sally please

No more lonely showers and uneaten foods  
My salamander has hygiene too  
And he thinks of me the way I think of you  
The only next step is for him to say I do

Sally please don't go away  
I won't be living in yesterday  
The lonely nights  
Getting beat up by gays in bar fights
