

# Blink The Star, Bluish Boy

Hot blue, now I'm left to my resources  
Across valley of time, one way lose  
Never change your attitude  
Never break your mother's heart  
And I feel your big break coming on  
Hot blue, there's a saying in the Bible goes,  
Never make friends with the next door neighbo

'cause the kids are gonna rock their little faces off next year  
Forget the words, 'cause the words don't make it  
Like under the stars 12/7/94  
Something more  
I can tell you a story about the weekend  
Face it, I'm a big man and I've got so much to lose  
I'm making lots of friends
