

Blip Blip Bleep, Alarm Clock, Snooze Bar, Get Up

Alarm clock, snooze bar, get up
headache, still drunk, the fuck
subway, too packed, back off
slow walk two blocks too far far far far far
the office sit down and slack off
the new girl oh my she's hot

this is a reminder to all the girls and all the boys
just waiting waiting for the day to end
this is a reminder to all the girls and all the boys
the weekend the weekend is just around the bend
this is a reminder to all the girls and all the boys

smoke break outside let's talk
conference phone call think dirty thoughts
???? gets there it's four o'clock
the evening the bar scene get fucked up

this is a reminder to all the girls and all the boys
just waiting waiting for the day to end
this is a reminder to all the girls and all the boys
the weekend the weekend is just around the bend

this is a reminder to all the girls and all the boys
just waiting waiting for the day to end
this is a reminder to all the girls and all the boys
the weekend the weekend is just around the bend
