

# Bloc Party, If We Get Caught

Chill

You're losing it  
You're gonna give  
The game away  
Stick to the story  
Better with an alibi  
Create diversion  
Take control with sleight of hand  
You're gonna give the game away

If we get caught  
I want you to know  
I have always rode for you  
If we get caught  
I want you to know  
I will always ride for you

Let's have it right  
I wouldn't flip even under oath  
Let's have it right  
Where you go, I will go  
In forensic detail they follow the trail  
And it leads straight to us  
Breathing light  
Like a samurai  
Know they won't take us alive  
With the money in the glove box  
The burner on the dash  
Meet me in the getaway car

If we get caught  
I want you to know  
I have always rode for you  
If we get caught  
I want you to know  
I will always ride for you

And if an angry Sun God  
Melts the wax in our wings  
For daring to want more  
For daring to think big  
Take this kitten hills off  
Seems our number is up  
My love

Stay by my side

If we get caught  
I want you to know  
I have always rode for you  
If we get caught  
I want you to know  
I will always ride for you
