

Blog 27, Finally (Outta' My Life)

Oh you finally woke up
Just realized I'm here
Oh ye I'm alive
Been waitin' for u so long
I'm so sorry it's too late now
what more can I see now
My heart say no, my heart say no
Call me, talk to me
Oh you finally did
But it wasn't the thing
I expected to hear
So u came to me but
I don't feel it anymore
My heart say no, my heart say no!
And I finally, finally
Got u out of my life
And I lately, lately
Didn't think of u
So y u comin'
Right now
When I don't need you anymore
Would you ever thing it's gonna go this way
Did you ever know we'd be over before the end
I'm so sorry it's too late now
what more can I see now
My heart say no, my heart say no
Some things are going wrong
But why don't you see what's okay?!
What if I'll die tomorrow?
Wouldn't you regret?
I'm sorry 4 dissapointing you
And everything I didn't do
For the things, I can't undo.
And I finally, finally
Got u out of my life
And I lately, lately
Didn't think of u
So y u comin'
Right now
When I don't need you anymore
I don't want you no, I don't want you anymore
And it's you I don't want you no, I don't want you anymore
And I finally, finally
Got u out of my life
And I lately, lately
Didn't think of u
So y u comin'
Right now
When I don't need you anymore x2
