

Blog 27, Nothing's gonna change...

Everything I do
Reminds me of you
And every moment feels like
You should be there
Holding ma hand
Be with me
It's so hard
To understand
Why you're not
There wid' me
And I'm missing words I need to hear
That u love and will be with me
Noting's gonna change
As long as J'm alive
You won't walk away
Till my heart is beating sight
And the way is found
I see the destiny
Don't u die now
Coz' J'm loving you
Somehow I can't
Stand the fact
You're far away
With her!
And it's been
two years
But every time
Ur around
My heart
Beats faster
And I can't catch my breath
Why can't u simply understand?!
Noting's gonna change
As long as J'm alive
You won't walk away
Till my heart is beating sight
And the way is found
I see the destiny
Don't u die now
Coz' J'm loving you :(
Every time I lay
On the floor
It's like pieces of me
Are missing
When I'm thinking
Of you
It's getting darker
It's getting late
And I'm still
So confused
coz' I don't feel u there
next to me where r u?
coz' I rly miss u! :(
Noting's gonna change
As long as J'm alive
You won't walk away
Till my heart is beating sight
And the way is found
I see the destiny
Don't u die now
Coz' J'm loving you :(
Don't u dissappear
Coz' J'm missing you :(
