

Blood Duster, Sadomasifuck

Open wound, fist fuck
Lance the eye, of the cock
Egg beater shoved, in your gash
On you ass, I will lash

Forced into a vat of boiling acid
Now you ain't so fucking placid
A pair of pliers pull your teeth
On your head a razor wreath

Crucify you on the floor
With the nail gun rancid whore
Blue vein hot dog on the grill
Your ugly cunt is what I fill

Bleeding skin
We adore
Just a taste
Of what's in store
I get off
Inflicting pain
Oh I love
This filthy game
