

# Blood, Join Stock Company

The cannibalism of capitalists  
Gobbles the poor and weak  
Thei health is your suffering  
All activities go out to one goal  
Power, control, might and money  
A company of death  
The cooperation of corruption  
Mercyless slaughter of the innocent  
The JOIN STOCK COMPANY  
Looking for new market-gaps  
To eliminate rivals  
If you aren't able to compete they also taste you  
Like feasting million of others  
Mould up everything then drop like a hot patato  
Fatal exploitation will also reach you  
If you won't open your eyes....
