

Blood on the dance floor, Bewitched

evil laugh

Verse One:

You're attractive little witch, you're beautiful
Your wickedness, little witch, it broke my heart
Enchanting words, little witch, you cast a spell
Masked destroyer, little witch, my beautiful apocalypse

Chorus:

You've got me bewitched 'cause I'm under your spell, oh -- -ohhhh ohhhh

You must be a witch 'cause I am living in hell, oh -- -ohhhh ohhhh

Now is the time, now is the hour

I am the magic, I am the power, oh

All I need is one star in the sky

Wish for you every night

I tricked you to fall in love, little boy

I played with you till' I was done, like a toy

Heart in love, As I destroy the end of you. (THE END OF ME)

So easily fooled little boy to think it's true (I'M IN LOVE WITH YOU)

You've got me bewitched 'cause I'm under your spell, oh -- - Ohhh ohhhh

You must be a witch 'cause I am living in hell, oh -- - Ohhhh Ohhhh

Now is the time, now is the hour

I am the magic, I am the power, oh

All I need is one star in the sky

Wish for you every night

Now is the time, now is the hour

To take back my heart, to take back my power

This is the moment to break your spell

I see right through you now burn in hell

Your gone, So long

Now is the time, now is the hour

To take back my heart, to take back my power

This is the moment to break your spell

I see right through you now burn in hell

Your gone, so long

Now is the time, now is the hour

To take back my heart, to take back my power

This is the moment to break your spell

I see right through you... Burn in hell witch

You've got me bewitched 'cause I'm under your spell, oh -- - Ohhhh ohhhh

You must be a witch 'cause I am living in hell, oh -- - Ohhhh Ohhhh

Now is the time, now is the hour

I am the magic, I am the power, oh

All I need is one star in the sky

Wish for you every night
