

Blood on the dancefloor, Money And Hoes

I've got money and hoes
in different area codes
they come down the block,
they want my cock.
I'm flashing my bling,
they're sucking my ding. Asphyxiation, push, cut to perfection.
So i walk up to the bar
looking like a star,
My diamonds and ice
look oh so nice.
Hi, I'm danger,
Hi, I'm gangster,
Hi, I'm mightier than any power ranger.

(chorus)

I've got money and hoes
in different area codes,
I walk down the block
they want what I've got.
I've got money and hoes
in different area codes
I walk down the block,
I get what I want.

I've got money and hoes
in different area codes,
I walk down the block
they want what I've got.
I've got money and hoes
in different area codes
I walk down the block,
I get what I want.

Don't even dare,
you can't fucking compare,
You best prepare
I'm about to declare.
My money affair
will be your worst nightmare.
Your rap is whack
so lay off the crack.
Just follow me and be obscene,
Leave parents feeling disgusting.
So honey get some money,
fuck me like a play boy bunny.

(chorus)

Make love, not war.
More stellar than starwars.
I'm so epic,
My collection is ecliptic.
If the price is right,
you'll be mine tonight.
I'm from the streets bitch
and i'm hood rich.
My grill is so ill,
it'll make your titties spill,
Yeah I kill bill,
so lay off my thrill
