

# Blood Or Whiskey, Don't Go Far

All your life you tell me that you've felt the same  
C'mon I think it's time to pass the blame  
On the shoulders of someone and you that someone is you  
Cause the time is right and right now there's nothing better to do  
Oh baby you know it's gonna be alright  
Oh baby you know that it's called life  
Don't go far  
It doesn't have to be this way  
Don't go far  
Although there's nothing left to say  
Don't go far  
You know I don't care anyway  
If you go just please don't go today  
Well c'mon now girl what's wrong with you tonight  
Just because I'm wrong doesn't always mean that you're right  
I've tried to do all the things that you asked me to do  
But I've got to admit it doesn't seem like I'm getting through  
In this drunken state I can't go home so what am I gonna do  
It never meant a thing until I heard it meant something to you
