

# Blood Or Whiskey, La La La

Get up morning get the dole  
Get on the bus without any fuss  
Oh there's a queue right now  
What will I do somehow  
I say La La La La La La La  
I say La La La La La La La  
Go to the pub get in a fight  
Get my arms legs broke to shite  
I'm lying on the road right now  
Arms leg are broken now  
Get home late Mother says where've you been  
Dont know where just acting obscene  
I'm lying on my bed right now  
out of my head right now.
