

# Blood Red Throne, Flesh To Destroy

A murderer resurfaced  
My tantrum unbound  
The killing is inevitable  
Blood craze delirium  
With tools of might  
Escalated screaming  
Nightmare in sight  
I approach you with a sharpened blade  
Slice 'n dice  
Throat be cut across  
Arterial spray on the wall  
Abdominal cavity embowelled  
I hear my demon call  
What are you screaming for?!  
It's only pain!  
I ripped out your tongue  
To get rid of that acrid voice  
So shut the fuck up!!  
You annoy me!!  
Flesh to destroy  
For me  
Flesh to destroy  
Tearing  
Trapped in a dark corner of my mind  
A regurgitated spawn piled up on the floor  
Your pathetic appearance  
I hate it so much!!  
I've had enough of your banalities  
But you are here right now  
With me, and the horror you'll see  
Flesh to destroy  
You'll scream far more  
Flesh to destroy  
You'll scream far more
