

# Blood, Self Immolation

Engulfed in the flames  
A mother and her unborn child  
Too feeble to escape  
In death the wife give life  
Mummified flesh born of the deceased  
A miscarriage such a misery of prenatal death  
Embodiment of dead flesh  
Procreated of her remains  
A stillborn beloved child she'll never see  
the dead freaks she begots  
SELF IMMOLATION  
...A sick way to die
