

# Bloodbath, Furnace Funreal

Wake up in a sweat, blood in my mouth;  
Pain combined with torture had no time to shout.  
A gathering of freaks, an evil bloody feast,  
Trapped in the furnace sacrificial to your beast!  
Temperatures increase, searing my skin!  
Start to realize I'm the last of my kin!  
Anger, devastation in the furnace of hate  
Bubbles on my body, I know it's far too late  
Hair is removed by the embers YES!  
Retarded people laugh, witness life in the bliss!  
Eyes leave their sockets, sour taste of piss,  
Entrails boiling, burst and gush  
Oven of disgust, complaining of distrust  
Leaving me there but the gore it's a must  
See the pleasant smile will be devoured by them freaks  
Genitals churn and be the ???? On the meek  
Righteous open top me off with spice....  
Roasted body, the lager is mighty nice!  
Sit around the table the fucking fucks  
Furnace ??????????????????????????  
Excrements boil, they don't seem to care  
Raising flesh goblets in the air  
Righteous open top me off with spice....  
Roasted body, the lager is mighty nice!  
My final rest, on this silver...plate!  
I hold a choke from my lips!  
Showing my hate!  
Virgin ???? And ???? ???? His side  
Sickened deformed now join my side  
Woke up in a sweat, blood in my mouth;  
Pain combined with torture had no time to shout.  
A gathering of freaks an evil bloody feast,  
Trapped in the furnace sacrificial to your beast!  
Temperatures increase, searing my skin!  
Start to realize I'm the last of my kin!  
Anger, devastation in the furnace of hate  
Bubbles up my body, I know it's far too late  
Hair is removed by the embers YES!  
Retarded people laugh , witness life in the bliss!  
Eyes leave their sockets, sour taste of piss,  
Entrails boiling, burst and gush!
