Bloodbath, Mouth Of Empty Praise

Cast into the lake of fire Gagged by blood A thousand deaths unwind Storming Perseverance is none Repenting not Mass decay of life Swarming

Call upon
Call on those we scorn
Raze their faith and feeble ways
Mute the son
Deliverance bygone
Mute the mouth of empty praise

Trapped inside a burning field Sheep of god Followers who did not heed The warning Unblessing of the purity Once the norm Darkness holds the blasphemy Swarming

Insanity will reign supreme
