

bloodsimple, Falling Backwards

(featuring Chad Gray)

I'll show no allegiance
All shall feel my wrath
Ten years of discontent never given a change
But love is passion
May my love be vengeance
And this love I shall forsake
And on this day I slit my wrist
And do away with everything

Fuck it
Cut up
Bleeding
Beaten
Cheated

I'm tired of falling backwards
I'm tired of all the deceit

Fuck all of the people driven by the greed
They will all be dealt with accordingly
Just let them be

Fuck it
Cut up
Bleeding
Beaten
Cheated

I'm tired of falling backwards
I'm tired of all the deceit

I'm tired of falling backwards
I'm tired of people trying to take a piece

Wage war on the bastards
Wage was on the street
Wage was all around you
Wage was on the weak
