

# Bloodsucking Zombies From Outer Space, Teardrops

I never tried to be a nice guy  
I never wanted to be amiable or shy  
Dont need your hand neither your smile  
Im the greatest motherfucker and im still alive

You will hate me until the day I die  
You will laugh and sing when I say goodbye  
But I fucked you on seven eleven  
Teardrops in Heaven - Fall into Hell  
Sinister creatures cant exist prisoned in a cell  
But its not my fault im not to blame  
For me I did it allright  
When angels in heaven although devils in hell can cry

Im a unprincipled bastard heres a piece of drugs for free  
You can never count on me  
Dont believe in me im not your friend  
I never loyal - I'm only pretend

You will hate me until the day I die  
You will piss on my grave when I say goodbye  
But I fucked you on seven eleven  
Teardrops in Heaven - fall into Hell  
Sinister creatures cant exist prisoned in a cell  
But its not my fault im not to blame  
For me I did it allright  
When angels in heaven although devils in hell can cry

You will hate me until the day I die  
You will piss on my grave when I say goodbye  
But I fucked you on seven eleven

But its not my fault im not to blame  
For me I did it allright  
When angels in heaven although devils in hell can cry
