

# Bloodthorn, Demonblood

Once again the taste of death is on my lips  
Images of horror reflecting in my eyes  
Morbid lust arise, as I watch them die  
I succumb to sadistic urges, devouring their flesh  
Feeling frenzy of the insane  
Exophagus - eater of the dead

Demonblood - burning my organs, searing my skin  
Demonblood - the curse of darkness, evil within  
Demonblood - feeding the madness eating my brain  
Demonblood - driving me insane

Arteries filled with black poison bursts  
Gasping for air, choking on my guts  
I succumb to sadistic urges, devouring their flesh  
Feeling frenzy of the insane  
Losing control, I start to devour my self

Demonblood - burning my organs, searing my skin  
Demonblood - the curse of darkness, evil within  
Demonblood - feeding the madness eating my brain  
Demonblood - driving me insane
