

# Bloody Mess, Dear Son

Take  
All I got  
And have no remorse  
For the things I'll have lost

Learn to live  
Off of me  
And never regret  
That you're my family

Drain  
All my strength  
I see me in you  
And now you are my faith

Make me proud  
Like no one  
I am all you need  
Am I not dear son?

When you lie awake  
In the night I'll be there  
Trying to remind you  
Of the bond we both share  
I give you so much  
It's almost not fair  
That all that I get  
Is a terrified stare

Why  
Do you break?  
And why do you quake  
When your hand I take

Why d'you cry  
I can see  
And why d'you blame me  
We're the same family

No  
Don't despair  
Life might not be fair  
But we will take care

We'll survive  
Beat them all  
It's us – you and I  
Our eternal bond

Lies (lies) all lies  
There is no crime  
I am love, I am joy  
I am all to this young boy  
Lies (lies) all lies

Koniec  
Take all that I have  
Have no remorse  
I love with all my heart

My dear son
