

# Bloops, Lightning

Lightning  
In the bedroom  
After midnight  
It feels alright (now)

Lightning  
In the backseat  
Feel your heartbeat  
Or maybe that's the thunder crash

Lightning  
It's a story of truth  
Lightning  
It's coming for you  
Lightning  
Do what you will  
Lightning  
Kill, baby, kill

Lightning  
In your nightmares  
In your bad dreams  
You will soon learn to fear  
Lightning (x3)

Lightning  
It's a story of death  
Lightning  
It will take your breath away  
Kill, baby, kill

Lightning
