

# Blue Cheer, Black Sun

(Gary L. Yoder & G.R. Grelecki)

I heard your many rumors  
I heard your many lies  
I fell in search of fortune's kiss  
Tripped and fell along the way  
I heard your song of sunshine  
Steal your heart away  
But now I do not jeep this creep  
And tell me what to say.

My black sun will lay you in your bay  
I've seen so many lose their way.

You put me in a limousine  
You drove my soul away  
I saw the Devil trackin' souls a-pass along his way  
I signed your bloody papers  
I took too many rides  
You put me down finally, oh yeah  
I'm measured out your lives.

I fell in search of fortune's lonely kiss  
I've seen so many try and miss.

(Oh hey, yeah, ah-ha yeah, ow, c'mon, yeh, c'mon child, yeah, yeah, oh yeah)

You might think I'm finished  
Wish I'd go away  
I'll be 'round to haunt you people alone without your pay  
And when your time has come to pass  
And you are laid away  
I'll be 'round to get you, Help you on your way.

My black sun will lay you in your bay  
I've seen so many lose their way  
I've seen so many lose their way (Oh)  
I've seen so many lose their way (Ow, Ahh)  
I've seen so many lose their way (Ah, Ah, Ehh)  
I've seen so many lose their way (Oh, Ooh, Ooh)  
I've seen so many lose their way (Uh, Uh)  
I've seen so many lose their way (Uh, Ah)  
I've seen so many....
