

# Blue October, Calling You

There's something I can't quite explain  
I'm so in love with you  
You'll never take that away  
And if I've said it a hundred times before  
Expect a thousand more  
You'll never take that away

So expect me to be  
Calling you to see  
If you're okay when I'm not around  
Asking "if you love me"  
I love the way you make it sound  
Calling you to see  
Do I try too hard to make you smile?  
To make us smile

[Chorus]  
I will keep calling you to see  
If you're sleeping, are you dreaming  
If you're dreaming, are you dreaming of me  
I can't believe you actually picked me

I thought that the world had lost its sway  
It's so hard sometimes  
Then I fell in love with you  
Then came you  
And you took that away  
It's not so difficult  
The world is not so difficult  
You take away the old  
Show me the new  
And I feel like I can fly when I stand next to you  
So while I'm on this phone  
A hundred miles from home  
I'll take the words you gave me and send them back to you

I only want to see  
If you're okay when I'm not around  
Asking "if you love me"  
I love the way you make it sound  
Calling you to see  
Do I try too hard to make you smile?  
To make us smile

[Chorus]
