

Blue October, Clumsy Card House

By the way
By your side I'll stay
If that's okay
Then by your side I'll stay forever
Here I am standing up
Because I want to fall in love with you

A sunless day
It was a clumsy card house rape
If that's okay
Then by your side I'll stay forever

Here I am standing up
To say I want to fall in love with you
Forever
Here I am standing up
To say that I want to fall in love

All our kids will play
A sunless day
The rain will come
The rain always brings our hero
All our kids will play
A sunless day
The rain will come
The rain always brings our here

Believe in heroes
