

# Blue October, It's Just Me

I lost a piece of me in you;  
I think I left it in your arms.  
I forget the reasons I got scared,  
But remember that I cared quite a lot.

You see but lately I've been on my own.  
Yeah one, but one by choice.  
You see, that's a first for me,  
There's only me, yeah there's only me,  
And now I realize for once,  
It's just me.  
It's just me.  
It's just me,  
And I'll find a way to make it,  
There's no one left to stop me.  
Here I go.  
Can we take it from the top?

So why so long?  
So sad, I wanna be strong.  
Don't try to take this from me.  
I'm already spent living half my life undone  
So why so long?  
So sad, I wanna be strong.  
Don't try to take this from me.  
I've already spent my life living half undone.

I've been talking to my aunts and uncles, mom and dad again.  
I've been finding out that I have what this world calls friends.  
I've tried to push them all away,  
They push me back and wanna stay  
And that's one good thing I have.

I'm gonna feel a peace in me,  
I'm gonna feel at home.  
I'm gonna make this cloud above me disappear, be gone.  
I wanna feel a punch inside, my heart beat on the floor.  
I don't wanna hurt no more.

Yeah it's just me.  
It's just me  
And I'll find a way to make it.  
There's no one left to stop me.  
Here I go, can we take it from the top?

So why so long?  
So sad, I wanna be strong.  
Don't try to take her from me.  
I've already spent my life living half undone.

So why so long?  
So sad, I wanna be strong.  
Don't try to take her from me.  
I've already spent my life living half undone.

I used to be the one who won before.  
I used to smile but don't no more.  
I'm living just to watch it all go by.
