

Blue October, Lust Is A Very Dangerous Thing

A long way, from home at last
It's the way I wanna be
A hot day, for getting past
The Devil we set free
I want to know
Why love won't conquer me
I need to go
As far as the eye can see

All day, in marigolds
The holy sing as sunbeams slip away
Heart bleeds into the fold
Go sell yourself on 'two bit' avenue

Why wait? For loneliness
For everlasting peace
When I'm safe, in no ones arms
A kaleidoscope of dreams
I want to know
If love will carry me
'Cause I need to go
Much further than I can see

All day, in marigolds
The holy sing as sunbeams slip away
Heart bleeds into the fold
Go sell yourself on 'two bit' avenue

Aah, aah aah, heard rumours
Lust's a very dangerous thing
Ooh, ooh ooh, heard rumours
Lust's a very dangerous thing
