

# Blue October, Lust Is A Very Dangerous Thing

A long way, from home at last  
It's the way I wanna be  
A hot day, for getting past  
The Devil we set free  
I want to know  
Why love won't conquer me  
I need to go  
As far as the eye can see

All day, in marigolds  
The holy sing as sunbeams slip away  
Heart bleeds into the fold  
Go sell yourself on 'two bit' avenue

Why wait? For loneliness  
For everlasting peace  
When I'm safe, in no ones arms  
A kaleidoscope of dreams  
I want to know  
If love will carry me  
'Cause I need to go  
Much further than I can see

All day, in marigolds  
The holy sing as sunbeams slip away  
Heart bleeds into the fold  
Go sell yourself on 'two bit' avenue

Aah, aah aah, heard rumours  
Lust's a very dangerous thing  
Ooh, ooh ooh, heard rumours  
Lust's a very dangerous thing
