

# Blue October, My Never

Will you think about me,  
in time?

It's never my luck,  
So nevermind.

I wanna say your name,  
But the pain starts  
again,

It's never my luck,  
So nevermind.

Chorus:

I had a dream that you where with me ,  
And it wasn't my fault,  
you roll me over,  
flipped me over,  
like a summersault.

And that doesn't happen to me

I've never been here before

I saw forever in my never,

And i stood outside her  
Heaven.

Will you wait for me,

In time,

It's never my luck,

So I'll say: never mine.

And i lost a lot of what i  
never expect to ever  
return

I tend to push it 'till the pushing turns from  
hurting to burn,

I always take them to the place they always wanted  
to go,

Then end up dancing 'round  
this clown commands,  
applause at a show...

Chorus:

I had a dream that you where with me ,  
And it wasn't my fault,  
you roll me over,  
flipped me over,  
like a summer salt.

And that doesn't happen to me

I've never been here before

I saw forever in my never,

And i stood outside her

Heaven

heaven,

inside her heaven,

heaven

And i could only dream of you and sleep,

but i won't see sunlight again,

i can try to be with you , but some how i'll end up just losing a friend,

And i can only reach for you

relate to you,

I'm losing my friend...

Where did she go?

where?

Chorus:

I had a dream that you where with me ,  
And it wasn't my fault,

you roll me over,

flipped me over,

like a summer salt.

And that doesn't happen to me

I've never been here before

I saw forever in my never,  
And i stood outside her  
Heaven  
I stood outside her heaven(3x)  
Will you let me into your heaven?
