

Blue October, Silent Partner

And so it goes
It's easy on your own again
Easy when your life depends on some one else
And so it goes
It's easy on your own again
Easy when your life depends on some one else

How wrong
This intrusion
This collusion
How wrong
This intrusion
This collusion

And so it goes
It's easy on your own again
Easy when your life depends on some one else
And so it goes
It's easy on your own again
Easy when your life depends on some one else
