

# Blue October, Spinning the Truth Around

Driving home with the radio on  
Got it tuned to the loneliest station I know  
Getting low  
Where we go wrong and don't you see  
I feel the autumnal chill  
With the top down sinking in our old Bonneville  
Driving home, yeah  
Where we go wrong and can't you see

So I bend a little  
How do we climb back up from here  
Get a little  
Can we get on  
Yeah, we've been through this before

I don't want change, we both want more  
I give it a minute  
Stay close by and wait til the truth comes up  
I don't want change, we can't ignore  
We've given it a minute  
We'll just stand here spinning the truth around  
Spinning the truth around

Settling is easy, getting used to a drug  
Dancing in the rain, put our fire out  
Wondering if it's ever gonna spark again  
Wondering if you will ever try that hard for me  
If away from me is where you belong  
And the feeling that you're after doesn't stay when you're gone  
Let me know  
When I go wrong and can't you see

Leave a light on  
How do we climb back up from here  
Give a little  
Could we get on  
Yeah, we've been through this before

I don't want change, we both want more  
I'll give it a minute  
Stay close by and wait til the truth comes up  
I don't want change, we can't ignore  
We've given it a minute  
We'll just stand here spinning the truth around

I don't want change, we both want more  
I'll give it a minute  
Stay close by and wait til the truth comes up  
I don't want change, we can't ignore  
We've given it a minute  
We'll just stand here spinning the truth around

We've given it a minute  
Spinning the truth around  
We've given it a minute  
Wait til the truth comes up  
Spinning the truth around  
We'll just stand here spinning the truth around
