

Blue Rodeo, Diamond Mine

And our love shines
Like a diamond mine

You say the party's over
But like a drunken fool
I never know when to leave
It's just that in the eyes of this beholder
You mean everything to me

Yea you say that you don't love me
Yea you talk about the other boys
And you laugh in my face
But I know when you're feeling sad and lonely
No other boy can take my place

Cause when I look into your eyes
Well our love shines
Yea our love shines
Like a diamond mine

Nothing's as obvious as what is lost
Nothing's as painful as the cost
Let it shine
Let it shine
Like a diamond mine

Solo

And I hear all these rumours about you
Yea the trash lines up at my door just to bring me the news
But all it does is make me kind of wonder
Why are people so eager to be so cruel

Cause when I look into your eyes
Well our love shines
Yea our love shines
Yea our love shines
Like a diamond mine
Like a diamond mine
Like a diamond mine
Like a diamond mine
