

# Blue Rodeo, Girl Of Mine

Girl of mine  
Where did we go wrong  
Oh you never once said you loved me  
And you never once called my name  
And now I  
I can see the way

My memories like cigarettes  
Blow smoke upon the screen  
I stare up to the empty face  
That hangs inside my dreams  
In the words of love I hesitate  
They all come rushing in to me  
Too late too late

Days and nights  
Wondering what could it be  
Did you need somebody stronger  
Someone to see you through  
Oh girl I never knew

Now your lipstick and your powder  
They're all put away in drawers  
But the traces of our love affair  
Still hide behind the doors  
I lie awake afraid to sleep  
Cause I see the face I knew I'd never keep  
I'd never keep

Too much to bear  
Too much I fall down drunk  
Too much I care

Tell me now  
Do the words of love still seem the  
Same to you  
Now we learned the angry lessons  
And we still came back for more  
Forget somehow what came before

My senses have been shocked  
And I'm alive to every pain  
Your quiet laughter comes to me  
It echoes in the rain  
In the darkness of my lonely room  
I pray that you won't fade  
Away too soon  
Too soon

It's too much to bear  
It's too much I fall down drunk  
Too much I care  
Oh...
