

Blue System, All The Songs

1. Welcome to the 21st century

Welcome, welcome

21st century

2. 6 years - 6 nights

I wait six years - I wait six nights

Wind this rope - a second chance

I call your name like in a trance

I'll run to you - I would die for you

Divided hearts - divided soul

I'm burning in a flame of hope

I'll run to you - I would die for you

You can run - you can hide

Love is like a lie

Can't you see ?

I wait six years - six nights for you

I give my heart, my pride - that's true

I'll wait - I'll wait till I need you

I'll wait - I'll wait my dreams come true

I wait six years - six nights for sure

I give my heart - no fight before

I'll wait - I'll wait down in the flame

I'll wait - I'll wait see you again

I wait six years - I wait six nights

A missing heart - a lonely sky

Above the clouds - I hear the cry

I'll run to you - I would die for you

A friend you win - a friend you lose

But baby take a broken fool

I'll run to you - I would die for you

You can run - you can hide

Love is like a lie

Can't you see ?

Please forgive my heart

Please forgive my heart

3. Venice in the rain

Bittersweet

My heart feels so weak

Sailing home to a place I never know

Some hearts will never change

Some hearts will never change

A broken dream

I'm losing now it seems

Oh, I can't explain why I lose again

Some hearts will never change

Some hearts will never change

Leaving Venice in the rain

On the night I heard Caruso sing

Leaving Venice in the rain

Why you left me, my everything ?

Leaving Venice in the rain

Easter fall - the sun was moon

Leaving Venice in the rain

Baby, oh you left me much too soon

Leaving Venice in the rain

Breaking up and feeling so alone

Leaving Venice in the rain

Got nobody - is at home

Rescue me

I feel your destiny

I

I never get enough

Some hearts will never change

Some hearts will never change

Behind my smile

Oh baby see me cry
No tears of joy
Oh, I'm a lonely boy
Some hearts will never change
Some hearts will never change
4. If I will rule the world
Baby I swear you
Baby I would die
I would run to you
We're leaving New York to the rain
East of the summer, see you again
I love you baby, where's deep emotion
Oh, where the mountain meet the sky
West of the moon, I could not hide
Love you lady, where's deep devotion
I love you every night, I love you every day
This is a deep love odyssee
If I will rule the world, I promise you the best of me
If I will rule the world, you ever get the best for free
For every heart, every soul
Pray in my bed, I'm losing control
I'm leaving you in S.O.S.
Turn of your dream, and confess
Love me baby, see my emotion
Or is it something that I should know
Closer to heaven, we will go
Be my lady, wear sweet devotion
5. Sacrifice

..... was a rolling stone
The lonely highway was his home
Father told him what he used to be
"Don't bring scandal on my family." (he said)
Friends were always right on time
Oh no, there's o darkness - there's no crime
Things aren't anymore they used to be
"Don't bring scandal on my family." (he said)
"Don't bring scandal on my family."
Oh no, why is love such a sacrifice for you ?
On my wings of destiny
Leaving live and in harmony
Oh no, why is love such a sacrifice for you ?
On the road of mystery
You lose your heart and eternity
..... didn't understand
Oh, he stole money - killed a man
Destroyed his life - no sense to be
He brought scandal on my family (oh no)
Oh, he was not man enough
He killed himself - thought it's tough
Before he died he said to me
"Don't want scandal on my family." (he said)
"Don't want scandal on my family."

6. When Bogart talks to you
Oh, you said that you're faithful
Big dreams they're useful
Now, I cry and I cry
Till the end of the lonely night
Don't say it's okay this goodbye
This goodbye
Oh, it's hard but it's fair
Baby, I don't care
A part of me is dying
Oh, I'm here and there - call me everywhere
Cross my mind - I'm dying
Oh, I love you till the end of time

Oh no, I love you till I die
Don't break the silence, don't
When Bogart talks to you
Don't break the silence of love
When Bogart talks to you
Don't break the silence, don't
When Bogart talks to you
Love me baby, oh kiss me
Baby, don't miss me with devotion
Oh, my heart needs a home
Baby, I know love I know is passion
We're friends - not stone
Baby, without a home love is an obsession
Oh, I love you till the end of time
Oh no, I love you till I die
7. That's love
Go - if you want go
Stay - if you don't know
Friends - stay together baby, call me I'll be there
Feel - what you wanna feel
Mine - oh love's so real
Friends - we're forever baby, here and everywhere
Don't - keep your distance
Don't - lose your resistance
Don't - you want my heart ?
That's love - we'll win again
This love is like an ocean
That's love - it's not a game
How deep is your emotion ?
That's love - a burning flame
This love is like a fire
That's love love - it's not the same
You can't stop the desire
Call - if you want me
Fall - if you can't see
Try - if you want to try all of my sweet heart
Words - don't come easy
Words - they can hurt me
Friends - stay together baby never break apart
Don't - play fire
Don't - stop desire
Don't - you want my heart ?
8. Lady unforgettable
Oh, it's five o'clock and I cannot sleep
You were in New York and my heart is weak
I'm watching you on this photograph
I'm the biggest fool and I hear your laugh
Lady, careless memory
Lady, be my guarantee
What a difference it makes
Alone again
Lady I call your name
Oh, lady unforgettable, hold on me
Oh, lady unforgettable, can't you see
Oh, I'm losing my heart
And I'm losing my mind
But a lonely heart, it can't survive
Oh, lady unforgettable, talk to me
Oh, lady unforgettable, can't you see
I got what I want but I lost what I had
It's a crazy world when a love goes bad
In this bed of fire I feel loneliness
And my lost desire of your sweet caress
I'm too proud to beg and too weak to cry
I'm alone again

It's my last goodbye
Lady, it's emergency
Lady, oh, please come back to me
Emotion of fire is burning inside
Lady, don't lose your pride
9. This old town
Baby, I'll hurt you
Oh, come let me alone
Heart is a heart and a home is a home
Baby, I'll find you
I'll get you by phone
Heart is a heart and a home is a home
If you fool me sister
Drive me mad
Under pressure - maximum sex
This old town ain't big enough
Baby, for the two of us
It's the end of an odyssee
This old town ain't big enough
Baby, for the two of us
I'll see you - I'll hold you in L.A.
Baby, I'll please you
But you leave me alone
Heart is a heart and a home is a home
Baby, I'll hate in a danger zone
Heart is a heart and a home is a home
Oh, you're so good sister
Drive me mad
Under pressure - maximum sex
10. 21st century
Oh, I know that I'm guilty
Do I ever cross your mind ?
Oh, I feel that you need me
I said I have no time
I'm losing more than I ever had
After all the love is gone
And the more I look it drives me mad
Where does my heart belong ?
Oh, it's a 21st love century
It's love time for you and me
Baby, I love you
Baby, I hold you once more
Baby, I'm dying for sweet love
Oh, it's a 21st love century
Don't you feel the energy
Baby, I miss you for sure
Baby, I kiss you once more
Baby, I'm dying your sweet love
Will you love me tomorrow ?
Oh, this love will miss a flame
In the world full of sorrow
Love's such a thing
Oh, the way I go - oh, the less you know
I feel passion - I feel pain
There's a broken heart and it tears apart
Leave me in the rain
11. Sister cool
Down in the flame - down in the passion
Oh, I'm a slave to love
I play no game - it's all obsession
Words are not enough
Oh, give me love - give me that special feeling
Oh, give me all - let us rocking and reeling
Oh, give me sex - give me hope for this game tonight
But baby don't be sister cool

Oh, I'll make good love to you
I waited every night
I waited every day
Baby, come tell me you're making my day
But baby don't be sister cool
I show you what a love can do
You gave me such golden days
You gave me such golden nights
Don't let
Kissing the fool - kiss in the fire
The closer we can get
Don't break the rules of deep desire
Sleeping in your bed
Oh, give me a chuck - give me a sweet sensation
Oh, give me all - all I want is good vibration
Oh, give me sex give me love for this sweet, sweet night
12. See you in the 22nd century
Goodbye, see you in the 22nd century
