

Blue System, Better Than The Rest

Oh, she heard the news it's time to go
And she watching how the river flow
The sun was going down, the sun was going down, oh, going down
Too proud to cry - oh she was sad
There's no friend - oh, it's a drag
The sun was going down, the sun was going down, oh, going down
That's deep emotion like a fire in the rain
That is devotion but you cannot kill the pain
Oh, you cannot beat the best
She's tougher than the rest
Oh girl, baby, baby, baby
My heart is such a mess
It's a crazy world, girl, girl
Oh, you cannot beat the best
You're better than the rest
Oh girl, baby, baby, baby
My love is such a mess
It's a crazy world, girl, girl
Oh, the sky was grey - she turned to stone
Oh, this world alone - was not her home
The sun was going down, the sun was going down, oh, going down
There's no friend, no name, no number, girl
But there's a hope, oh, on this world
The sun was going down, the sun was going down, oh, going down
That's deep emotion like a fire in the rain
That is devotion and some day you'll kill the pain
