Blue System, Carry Me Oh Carrie

Baby stay - I make your dreams come true
Don't look back - I do it just for you
Take your chance if you want me tonight
Nothing stops, oh my heart, when two hearts collide
Carry me, oh Carrie, don't you break my heart
Oh, we live for love - baby here we start
Carry me, oh Carrie, oh we live for love
I've got what you need, baby in my heart
A love enough for two
Oh babe, for me and you
Carry me oh Carrie, Carrie take me home
Hear I stand - oh babe what did I wrong ?
Try to make that heaven is my home
Love is here - babe too good to be true
Nothing stops - oh my heart and this heaven too
Carrie come on - feel the need
I'm lost in love - lost in you
Carrie darling I'm a fool - I'm lost in love - lost in you
Give me what I'm looking for tonight
