

Blue System, G.T.O.

Girl, good guys don't cry
Oh, this tears will never dry

.....
Girl, strangers side by side
There's loneliness to hide
My heart is
Out of tune tonight
G.T.O. dreaming baby
Young and strong and feeling baby
G.T.O. oh stealing baby
Rocking and dreaming lady
Make my dreams come true
Come on, come on
Come on, come on
Make my dreams come true
Girl, minutes from downtown
In the city of the lost and found
I will breaking hearts around
Girl, from the point of no return
That's a fire that will burn
My heart
Out of tune tonight
