

# Blue System, Goodnight Marielin

I know it hurts to be alone  
Silence of tears are living in your home  
Sleep safe tonight my careless love  
I will steal the stars above  
Oh when you smile, I'm smiling too  
I promised you your dreams will come true  
Sleep safe tonight soon I'll be there  
You're my princess - my solitaire

Goodnight marielin  
It's time to go to bed - it seems  
I will dim the lights for you  
And hope your biggest dreams come true

Goodnight marielin  
I promised you the sweetest dream  
All the teddies say goodnight  
And your daddy holds you tight

I know it hurts the night is dark  
And I swear - you're always in my heart  
I give my life and you will see  
If someone hurts you - it's hurting me  
I'll give you all the air I breathe  
I'll pray to God - I'm falling on my knees  
Keep care my God - always be there  
If she needs you - oh God keep care
