

Blue System, If There Is a God In Heaven

I was only a number, Im the king of mystery
I was searching for lonely nights
Oh, in a fools man paradise
Keep this moment forever
But a broken heart cant smile
I was looking like hypnotized
But your love will turn to lies
If there is a god in heaven
He will show me the way to your heart
If there is a new generation
He will tell me the way we can start
Cant you see what youre doing
Oh I wear a broken soul
I was stranded in nowhere land
I was missing a helping hand
This goodbye is forever
Wrap your trouble in your dreams
I'm living in memories
Searching for my destiny
